COVID 19 TESTING BULLETIN FOR VISITORS TO COZUMEL ISLAND

Starting January 26, 2021, in accordance to the announcement made by the CDC, all air travelers to the United States of America will require to present negative COVID19 test administered within three days prior to their departure.

Here are the 5 reasons why you should feel safe and confident with covid-19 tests and protocols, when choosing Cozumel Island for your next vacation.

1

Cozumel Hotel Association and our partners are ready to assist all guests in our resorts by providing Antigen testing on site by health professionals, or providing information and easy access to them before departure. Also PCR test administered at specific locations and hospitals.

2

In the event that one of our guests may result with a positive test while staying in our hotels, we have available options to offer special arrangements for quarantine, from free stays to special packages

3

All our Partner Hotels have actively participated in implementing the Health Prevention and Safety Protocols issued by the authorities to guard the health of our staff and visitors to offer a safe experience to all.

4

Cozumel Island is one of the most complete and versatile destinations in the Mexican Caribbean, with low density and exclusivity which allows us to offer the perfect environment on “the new normal” for your next vacations

5

Outdoor excursions, unique scuba diving adventures, non massive experiences, secluded and clean beaches, mayan identity, these are only a few of the reasons and powerful WHY's.
